Te historie *Teahistory*

Te historien dateres tilbake til det gamle Kina for nesten 5000 år siden. Ifølge legenden sies det at i 2732 f.Kr oppdaget Keiser Shen Nung te da blader fra et vilt tre blåste inn i en gryte med kokende vann. Han ble umiddelbart interessert i den behagelige duften av brygget, og drakk litt av dette. Legenden sier at keiseren beskrev en varm følelse da han drakk det spennende brygget, som om væsken undersøkte alle deler av kroppen hans.

Tea history dates back to ancient China almost 5,000 years ago. According to legend, it is said that in 2732 BC Emperor Shen Nung discovered tea when leaves from a wild tree blew into a pot of boiling water. He immediately became interested in the pleasant aroma of the brew, and drank some of it. Legend has it that the emperor described a warm feeling when he drank the exciting brew, as if the liquid was exploring every part of his body.
